Key Features

Gamers and online entertainment fans have struggled for years to find the right security solutions to keep them safe while they spend long periods of time connected to the Internet. Ad-Aware Game Edition is designed specifically to meet the needs of today's online gamers, with real-time anti-malware protection, and enhanced features and functionality designed to deliver uninterrupted play without compromising security or system resources.

- **Complete Malware Protection**, including anti-virus & anti-spyware
- **Do Not Disturb Mode** for uninterrupted play
- **Minimal Impact on System Resources**
- **Ad-Watch Live! Real-Time Protection**, including Process, Registry, and Network protection
- Behavioral Heuristics & **Genotype Detection** Technology
- **The Scheduler**

For a complete feature list, please visit www.shieldpowerup.com

Highlights

Ad-Aware Game Edition addresses the age-old struggle in online gaming and virtual worlds of how to stay protected, without the interruptions or breaks in protection that other security software programs cause. While competitor products claim to 'suspend' protection while in full-screen mode, Ad-Aware Game Edition provides continuous protection, without interrupting the user with threat alerts

Getting Started

Ad-Aware is easy to download and install:

- Click on the link to start the download process.
- Follow the installation instructions.
- In order to set up Ad-Watch, you will need to restart your PC.
- To start the program, just double click the Ad-Aware icon or click **Start**, then select **Program > Lavasoft > Ad-Aware Game Edition**
- Your Ad-Aware has been pre-configured to automatically enable Do Not Disturb Mode when you launch a full screen application, however, you can easily change this setting and customize the program to fit your individual needs.
